## Acknowledgments

This pre-service training manual was developed by MOSAICA: The Center for Nonprofit Development and Pluralism under a cooperative agreement with the Corporation for National Service, Washington, D.C. This manual was developed specifically to address the needs of AmeriCorps\*State, National, and Tribes and Territories programs in designing and delivering pre-service training to AmeriCorps members. The preliminary version was prepared in a little over three months, for use and field testing by AmeriCorps programs in the fall of 1995 and the winter of 1996. The manual was revised in the spring of 1996, based on feedback from the field, including four AmeriCorps programs which served as pilot sites and over 50 other AmeriCorps programs that called or wrote us with comments.

In 1998, MOSAICA made minor updates to the manual before reprinting. Training Specialist Dan Balón and consultant Yael Flusberg proofread the manual for the update and Desktopper Tosha Joseph assisted with the revisions.

The principal authors of the manual at MOSAICA were Emily Gantz McKay, President, and Diane Cabrales, Project Coordinator, with Vicky J. Borrego, Ph.D., Senior Program Associate. Vice President Cristina López helped edit and field test the manual. Consultant Diana Naranjo coordinated preparation of the Resources section. Consultant Phyllis E. Kaye assisted in the preparation of the materials on conflict resolution. Organization Development Specialist Joan Deschapelles proofread the final manual. Administrative Assistant/Office Manager Penelton P. Clark, III helped format and edit the manual.

MOSAICA's original Project Advisory Group provided invaluable recommendations for manual content and format, a wealth of experience in training and in running and overseeing AmeriCorps programs, and thoughtful reviews of the manual. Advisors included:

- Two AmeriCorps program directors: Anne Brown, Northeast Kingdom Initiative, Lyndon State College, Lyndonville, Vermont; and Allen Dietz, then Director, Parent Education Project, The Mental Health Association in Texas, Austin.
- One AmeriCorps member: Ariana Quiñones, formerly a member with Public Allies, currently Education Specialist, National Council of La Raza, Washington, D.C.
- Two Program Officers from the Corporation for National Service: MOSAICA's first Program Officer Margaret McLaughlin and Miles Wilson.
- Three training and adult learning experts. Lori Orum, formerly of the Center for Language Minority Education and Research, California State University - Long Beach; and Michael Webb, President, International Youth Leadership Fund, Jersey City, New Jersey. The third member, Cristina López, is now Vice President of MOSAICA.

Many thanks to all the AmeriCorps program staff with whom we have had the pleasure of working throughout this project. Nineteen AmeriCorps programs participated in detailed telephone interviews to provide the assessment of pre-service training needs that served as the basis for the manual. They provided invaluable information including lessons from their own pre-service training experiences, successes, challenges, and needs. Four programs -- Community Assisting Police, Montgomery County Police Department, Silver Spring, Maryland; Montana Conservation Corps, Bozeman, Montana; Energy Coordinating Agency of Philadelphia, Philadelphia, Pennsylvania; and Navajo Nation AmeriCorps, Window Rock, Arizona -- served as MOSAICA's pilot sites. These sites received in-depth training and technical assistance in the design and delivery of training in return for using the materials in the manual in their training. Many other AmeriCorps programs called or wrote and gave us their opinions and ideas on the materials in the manual.

MOSAICA also received valuable information and assistance from the Corporation for National Service, not only from our Program Officers Margaret McLaughlin, Suzanne Mintz, and Susan Schechter, but also from other staff of the Corporation for National Service, especially the staff (past and present) in Training and Technical Assistance: Jim Ekstrom, Judy Karasik, Jewel Bazilio-Bellegarde, Gina Fulbright-Powell, and Laurel Ihator. Thanks also go to all the program officers who attended MOSAICA's briefing and gave their ideas and input, and who referred AmeriCorps programs to the manual.

MOSAICA also acknowledges the support of the network of National Training and Technical Assistance Providers funded by CNS. We particularly appreciate the assistance of Jim Hickman, then at the National Multicultural Institute, who reviewed *Chapter 11: Diversity and Multiculturalism*, and Bill Ferguson at the National Association for Community Mediation, who reviewed the materials on conflict resolution in *Chapter 9: Working Effectively in Groups*. The staff of ETR Associates' National Service Resource Center also deserve special recognition for their efforts to support collaboration and disseminate information, and for distributing the manual.

Special thanks go to several very good friends of MOSAICA who gave up their weekend to help us complete the preliminary version of the manual. Frank Beadle de Palomo, Senior Program Officer, Academy for Educational Development, reviewed and edited the preliminary manual. Yolanda Bernal, Administrative Assistant, Center for Community Change, designed some of the charts and helped with formatting.

The information in this manual reflects the cumulative training and materials development experience of the authors, including materials and approaches originally developed at such organizations as the National Council of La Raza and the Center for Community Change in Washington, D.C., and SHATIL, a project of the New Israel Fund in Jerusalem. We appreciate the experiences gained through our involvement with these groups.

This material is based upon work supported by the Corporation for National Service under Cooperative Agreement No. CA95-15. Any opinions, findings and conclusions or recommendations expressed in this material are those of the authors and do not necessarily reflect the views of the Corporation for National Service.

## List of Boxes

Throughout the manual, boxes highlight information or provide examples. There are several types of boxes, each with a different purpose and format. **Corporation for National Service** boxes provide guidelines or other information from CNS and are placed in shaded boxes with single-line borders. Other boxes highlight information in the text or provide examples; these boxes are unshaded boxes with double borders. These include: **Lessons Learned** boxes which describe the experiences of AmeriCorps programs and members; **Resources** boxes which give information on how to find out more about a topic; and boxes with **Other Highlighted Information**, such as examples, summaries of text, and content information for use in preparing newsprint or lecturettes. Also throughout the text, but not listed here, are **Hint** boxes which include special ideas for using the materials; these boxes are included in unshaded, half-boxes with thick top and bottom borders.
