Projects

ServeWyoming promotes collaboration efforts among private, nonprofit and governmental organizations that advance community service, volunteer programs and activities in each Wyoming community. We also collaborate with other Corporation for National & Community Service programs such as AmeriCorps*VISTA and Senior Corps. ServeWyoming gives each citizen an opportunity to help solve our biggest challenges in education, the environment, public safety, human needs, disaster, youth and veteran and family services.

In addition to coordinating funding for organizations throughout the state, our Commission has the role of developing, communicating and promoting a statewide vision and ethic of service in Wyoming. To attain this, we are working on a variety of projects which include:

AMERICORPS*STATE

Provide funding to recruit AmeriCorps members and training to manage and operate AmeriCorps programs across Wyoming. Projects may vary to meet community needs. The application process begins in the Fall of each year.

EMERGENCY PREPAREDNESS

Serve as a neutral convener to mobilize and train volunteers in the time of an emergency or disaster.

PARTNERSHIP BUILDING

Develop investments and partnerships to sustain ServeWyoming and the programs we support.

PROFESSIONAL VOLUNTEER NETWORK (PRO BONO)

Increase nonprofit capacity through the engagement of highly skilled volunteers.

PROFESSIONAL DEVELOPMENT AND TRAINING

Increase grantee capacity and statewide awareness of national service through professional development, training and technical assistance, member development and outreach.

VOLUNTEER GENERATION FUND

Connect community college students in service learning with nonprofit projects.

VOLUNTEER WYOMING

Increase the number and effectiveness of volunteers, provide strategies for recruiting, training, placing or matching, and volunteer recognition.

The Role of Volunteer and National Service

Making a difference with service in Wyoming!

SHELLY McALPIN
Executive Director,
ServeWyoming

Greetings from the team at ServeWyoming,

We are experiencing a fall like no other because of the ongoing COVID-19 pandemic. We are thinking of all of you during this continuing time of flux and change, particularly as so many of you are also doing your part to serve our community! As our AmeriCorps members and programs begin new service terms this fall, they will continue serving food pantries, child care centers, community colleges, checking in on our seniors, delivering meals, contacting local nonprofits to recruit/assist with enrollment in the Volunteer Wyoming digital volunteer and donation hub, performing wellness checks, online school/support, web-based professional development and so many more important service areas working on the frontlines and behind the scenes in support.

In response to an increase in need, ServeWyoming wanted to help our state and communities through this unprecedented time. Our **COVID Initiative** brought help to nonprofit organizations and agencies across the state over the summer, and continues to serve as a connector piece into the fall. Wyoming organizations continue to have higher-than-ever demands for their services and will continue to have AmeriCorps members serving through the end of the year.

As Wyoming's statewide resource for volunteerism and service, ServeWyoming exists to help solve our communities most challenging problems and address critical needs. We are Wyoming strong! I invite you to explore the COVID-19 Initiative and the many volunteer opportunities as a platform to support our community during this trying time.

AmeriCorps programs do more than move communities forward; they are creating jobs and providing pathways to opportunity as member participants enter the workforce. AmeriCorps places thousands of people into service positions where they learn valuable skills, earn money for education, and develop a strong sense of civic responsibility.

We believe that service is one way to extend a lifeline to a new future. AmeriCorps members serve up to a year on an assignment and receive a living stipend, health insurance, loan forbearance, and an education award. At the same time, members will be improving the lives of others and strengthening communities. AmeriCorps members are "getting things done" for Wyoming!

You might be asking yourself, how can I help now? What is virtual volunteering? Today's volunteering includes donating your virtual time and skills to help nonprofits in need. In addition to serving in person, people can find a new place to serve in the virtual world, remotely. This is an opportunity to volunteer from anywhere via phone, computer, or tablet to support a cause you care about. This service can take countless forms including: website design/support, mentoring, data entry, email marketing or management, fundraising and outreach, social media promotion, app development, volunteer tracking, blogging, writing or editing, graphic design, photography, marketing/branding, video development, staff support, administrative virtual assistant, phone outreach, and so much more.

How can you become a virtual volunteer? If you are looking for ways you can help during the COVID-19 pandemic and beyond, start by going to www.servewyoming.org and clicking on COVID-19 Initiative. Here you can search by zip code, agency, or area of interest across our state. From there you can look at multiple different categories and opportunities. You can also call us at (307) 234-3428 or (866) 737-8304 and we will be happy to help you find the opportunity that is just right for you!

Please note that volunteer needs are changing rapidly, so be sure to check back often for updates. It is important to volunteers, community organizations, and ServeWyoming that we all take the necessary precautions when volunteering. We value that individuals want to volunteer in this time of need to ensure that the most vulnerable in our community continue to receive necessary services. Please also consider ways to volunteer virtually, by phone, following social distancing requirements or by maintaining or giving donations.

Thank you to the organizations, community members, individual volunteers, and AmeriCorps members for your ongoing service!

In Service,

Shelly J. McAlpin

What is Volunteer Wyoming?

Volunteer Wyoming is our statewide Volunteer Center, designed to make finding your next volunteer opportunity as easy as possible! We help connect potential volunteers and local nonprofits in 3 easy ways:

1. Our FREE online matching database, go to servewyo.org and click "VOLUNTEER" or visit volunteerwyoming.org! This online system allows individuals to look for and respond to volunteer needs across the state while also enabling organizations to set up agency profiles, post volunteer needs, promote community events, and even fundraising.
2. Call us! If you'd prefer to talk with an actual person, we're here to help five days a week. Just call 307-234-3428 or 866-737-8304 and tell us what you're interested in and we'll help connect you with the nonprofit and/or opportunity to suit your needs.

3. Check out pages 7-21 of THIS Volunteer Guide! We produce localized versions of our online database in 5 counties: Natrona, Campbell, Laramie, Park and Sheridan. You can also view the Guides on our website (under Resources).

No matter how you prefer to search, at ServeWyoming we're here to help. So, go online, call us, or pick up a Volunteer Guide!

What is AmeriCorps?

AmeriCorps engages more than 75,000+ Americans in intensive service each year at nonprofits (both community and faith-based), schools and public agencies across the country.

Since the program's founding in 1994, over ONE MILLION AmeriCorps members have contributed more than 1.2 billion hours of service (both community and faith-based) across America while tackling pressing problems and mobilizing millions of volunteers for the organizations they serve.

Governor Gordon announced the 2020-2021 AmeriCorps award recipients on September 9, 2020 to eight deserving Wyoming programs that will have 164 members serving our state who will earn close to \$288,500 in Segal Education Awards. Members will apply their skills and ideals towards helping others and meeting critical community needs. As they serve, they also develop valuable job skills and experience, as well as earn a modest education award, which will enhance their careers and pay back student loans.

AmeriCorps State is a program of the Corporation for National and Community Service which supports a wide range of community goals in Wyoming that engage citizens, along with thousands of other Americans across the country, in intensive community service each year in the areas of education, disasters, economic opportunity, environment, healthy futures, veterans and family services.

If you are an organization who wants to host an AmeriCorps program or someone looking to serve your community with purpose, call ServeWyoming at (307) 234-3428 or (866) 737-8304.

VOLUNTEER OPPORTUNITIES

It is important to volunteers, community organizations, and ServeWyoming that we all take the necessary precautions when volunteering. We value that individuals want to volunteer in this time of need to ensure that the most vulnerable in our community continue to receive necessary services, however, personal health and safety are always of primary importance. If you are feeling ill or exhibiting symptoms, please consider ways to volunteer virtually or by phone to limit the potential for viral transmission. We encourage you to view the CDC recommendations for age limits and health status when considering volunteering.

NOTE: Scattered throughout the Volunteer Opportunities section are COVID and virtual needs. They are new needs specific to the COVID response, and/or an area where they are having surge needs. Many are done virtually or with proper social distancing and PPE to ensure safety. These volunteer opportunities will have a light orange background behind them. Please contact the volunteer organization directly with any questions.

GIVE Pro Bono

Are you looking for ways to utilize your skills to make a positive impact on your community? Apply your skills to the greater good. Join ServeWyoming's Professional Volunteer Network (PRO BONO)! This is a network of Wyoming professionals who are committed to driving social change in their communities by donating their time and expertise to help build the capacity of local nonprofits. This is a great opportunity to develop skills, teach others and learn more about the nonprofits in your community.

Rather than cash grants, ServeWyoming facilitates grants of professional consulting services called "Service Grants." Once you have applied, you will be matched with a qualified nonprofit that has been awarded a "Service Grant" that requires skills similar to your own. The Professional Volunteer Network (PRO BONO) member works with the nonprofit on a short-term, specific project designed to build capacity within their organization.

We are continually looking for ways to expand the program and are always in need for more professional volunteers willing to donate their time and expertise to a community organization in need.

Help us help the wonderful nonprofits that do so much in your community by applying to "Give Pro Bono" today!

If you are interested in applying, please go to www.servewyoming.org and click on "Give Pro bono" or call us at (307) 234-3428.

GET Pro Bono

Rather than cash grants, ServeWyoming facilitates grants of professional consulting services called "Service Grants." Awardees are granted the help of one of our Professional Volunteer Network (PRO BONO) members who work in a variety of fields and are interested in sharing their skills with a qualified nonprofit.

The professional volunteer will work with your nonprofit for a short-term, specific project designed to build capacity within your nonprofit.

ServeWyoming partners with many organizations doing important work in a range of issue areas. Unfortunately, our own funding limitations keep us from awarding Service Grants to all organizations that apply and our ability to match you with the services you seek is highly dependent on the availability of professional volunteers. Organizations are strongly encouraged to apply as early as possible, so we may also search for volunteers to fulfill the expertise you seek.

Please visit www.servewyoming.org and click on "Get Pro Bono" to review the grant criteria before you apply.

If you have questions regarding our grant criteria or the content of any of our Service Grants, please contact the ServeWyoming office, and we will be happy to answer your questions.

The next grant application cycle is TBD. Please check our website often for announcements.

Apply your professional skills to the greater good in your community!

Are you looking for ways to utilize your skills to make a positive impact on your community?

Through a mutual partnership with Casper College and local nonprofits, ServeWyoming is relaunching the Professional Volunteer Network (PVN, aka PRO BONO)/Service Learning (SL) Initiative. The PVN/SL Initiative is designed to lead, mobilize and engage local volunteers and degree-seeking Casper College students to give their time, professional expertise, and applied learning to nonprofits in need of volunteer management and capacity building support, in the form of short-term, training-focused projects known as Service Grants.

Join this network of local professionals and Casper College Student Service Learner teams who are committed to driving social change in Natrona County (and surrounding areas) by donating their time and expertise to help build the capacity of local nonprofits. This is a great opportunity to develop skills, teach others, and learn more about nonprofits in your community.

Emergency Response Volunteers Needed!!

Are you ready to help your community?

**MAKE A DIFFERENCE IN YOUR
COMMUNITY BEFORE, DURING,
AND AFTER A DISASTER**

A major disaster could occur at any moment and quickly overwhelm the capacity of Natrona County's local response organizations. Recovery of our communities after a disaster is dependent on adequate resources and trained volunteers.

Spontaneous unaffiliated volunteers who show up at disaster sites, though well meaning, can slow down the response process and place themselves and others at risk.

The pre-registration of potential volunteers enhances your community's ability to mobilize appropriate emergency response volunteers as needed to assist with an emergency response. By pre-registering with ServeWyoming, Natrona County residents will be prepared to use their valuable skills, talents and experiences when and where they are needed.

**ServeWyoming wants you to:
Get registered BEFORE
a disaster strikes!**

**Contact ServeWyoming at

Improving Lives Through Service

Amanda O., AmeriCorps, Teton Science Schools

Amanda spends her days in front of the computer serving Wyoming Stargazing, a nonprofit she was paired with for remote AmeriCorps service through Teton Science Schools. In an effort to feel connected to the place she is serving, Amanda spends her non-screen hours listening to podcasts and reading books about the beautifully complicated little-big town of Jackson Hole and the Greater Yellowstone Ecosystem. All the while, still tapping away, knowing she is serving a community she has come to care deeply about—that she is a steward. A steward of Jackson, a place not isolated from the global pandemic or racial injustice. She is serving this summer, knowing that she is serving in a world that needs more stewards. Amanda wakes up every day knowing that she can help make positive change in this little-big town in the mountains, as well as in her home state of Oregon, all from her computer screen.

Brian F., VGF, Tate Geological Museum

As long as Brian can remember he has loved paleontology. Working with the Tate Museum has been quite the experience as he catalogued and described fossils from different organisms. Many specimens he worked with had not been accurately described when they were first discovered and thus were often unidentified. It was his job to observe and identify fossils alongside the collections manager and enter them into an online catalogue before finding a place for them within the museum collections. He was able to learn much more about the field of paleontology through hands on service than he ever would through a classroom setting, making him quite grateful to have had this opportunity.

"I'm grateful to have served under such knowledgeable people in an amazing museum and acquire much more experience because of it."

Rebekah S., VGF, Service Learning Project

This service project gave Rebekah the opportunity to connect with communities and philanthropic organizations building her professional and academic knowledge. This was a great opportunity to learn and understand community development. The Service Learning project allowed her to speak directly to leaders of organizations and expand her knowledge and understanding of how to lead a nonprofit organization. This service opportunity has been a stepping stone towards her professional goal of starting a nonprofit arts organization that provides free art resources and education to the community. Listening to leaders of nonprofit organizations speak about the COVID pandemic's impact on their communities and how they are managing it has prepared her to one day be in that role. She now have a better understanding of what it takes to run a nonprofit, especially during times of crisis.

"My experience working with the COVID-19 Initiative was beyond inspiring."

Elsa R., AmeriCorps, Teton Science Schools

When Elsa was accepted into the Teton Science Schools AmeriCorps program in early January, she was excited to spend a summer in the beauty of the Greater Yellowstone Ecosystem. She was also excited to form connections with other AmeriCorps members and the Jackson Hole community. A few months later our world would be flipped upside down. The AmeriCorps program moved remotely, and Elsa concluded it was her responsibility to complete her term. Her cohort is grounded and encouraged by the passionate Teton Science Schools (TSS) mentors who make members feel connected daily. While members still yearn for the interactions, they would have gained by living together on the 900-acre TSS Jackson campus, their dedication to serve is connecting them on a much deeper level.

Her AmeriCorps service is now focused on assisting two nonprofit partner organizations in the Jackson Hole area, Northern Rockies Conservation Cooperative (NRCC) and Children's Grand Adventure (CGA). NRCC is a leader for effective conservation through the reliable knowledge and scientific data of its field researchers to advance conservation globally. During her term, she will be updating and maintaining NRCC's social media pages. CGA is an organization that enables cancer patients to start their healing process and experience the beauty of life through exploration of the Teton and Yellowstone areas. They offer unforgettable experiences for children who spent most of their childhood in hospitals. CGA has Elsa compiling research focused on nature as healing and the benefits of their cause.

Elsa believes serving our community is now more important than ever and as she settles into her service from Pennsylvania, the Grand Tetons are still towering over her, just a little smaller and hanging above her desk in a frame.
